This file lists the prefixes which have been registered with the LaTeX team for use in expl3 code. Programmers are invited to register their (public) prefix use by contacting the team at

`modules@latex-project.org`

with the relevant information for the `.csv` file, i.e., *Prefix, Module or package, Registrant, Homepage, Source repository, Issue tracker.*

We recommend that short prefixes are avoided as there are a limited number of these very general names available. The file `l3prefixes.csv` contains more details on each module, for example any information on source repository or issue tracker.
